

VA'S HOUSING ADAPTATION PROGRAMS

VA may provide adaptations to a Veteran's/Servicemember's residence by the Veterans Health Administration (VHA) under the Home Improvements and Structural Alterations (HISA) grant or the Veterans Benefits Administration (VBA) under the Specially Adapted Housing (SAH), Special Housing Adaptation (SHA), Temporary Residence Adaptation (TRA); or Vocational Rehabilitation & Employment (VR&E) Independent Living (IL) program.

The mission of VA's Housing Adaptation programs is to adapt and/or modify a Veteran's/Servicemember's residence to accommodate their disability or disabilities. Adaptations and/or modifications are individually determined based on the medical feasibility for the Veteran/Servicemember to reside in their home; continuation with medical treatment and rehabilitation; and capability to live independently in a barrier-free environment. VBA's SAH program may assist with the purchase of a home to accommodate a Veterans/Servicemembers disability or disabilities.

HISA

This grant provides for medically necessary improvements and structural alterations to a Veteran/Servicemember's primary residence for the following purposes:

- Allowing entrance to or exit from their primary residence
- Use of essential lavatory and sanitary facilities
- Allowing accessibility to kitchen or bathroom sinks or counters
- Improving entrance paths or driveways in immediate area of the home to facilitate access to the home
- Improving plumbing or electrical systems made necessary due to installation of medical equipment in the home

Bathroom before HISA

Bathroom after HISA

A \$6,800 lifetime benefit may be provided to Veterans and Servicemembers or a service-connected condition or a non-service connected condition rated 50% or more for a service-connected disability.

A \$2,000 lifetime benefit may be provided for a non-service connected condition.

HISA Includes: Roll In Showers or walk in bathtubs; Construction of wooden or concrete permanent ramping to provide access to home; Widening doorways to bedroom, bathrooms; Lowering of kitchen or bathroom counters/sinks; Improvement to plumbing or electrical systems made necessary due to installation of dialysis or other sanitary equipment in the home.

HISA Excludes: Exterior decking; Purchase or installation of spa, hot tubs, or Jacuzzi type tubs; home security systems; removable equipment or appliances such as portable ramps, porch lifts, and stair glides; routine repairs.
